

International Symposium on XP and other Nucleotide Excision Repair Disorders

Downing College | Cambridge | UK  20-22 March 2019

www.xpsymposium2019.com

SAVE THE DATE

An International Symposium on Xeroderma Pigmentosum and other Nucleotide Excision Repair Disorders will be held at **Downing College in Cambridge on 20—22 March 2019**. This is a continuation of the series previously held in Bethesda and Kobe. Our invited speakers, listed opposite, will cover a wide range of disciplines from clinicians through to molecular biologists.

Cambridge is an attractive University city, where the structure of DNA was elucidated by Watson and Crick, and the Eagle pub, where they had their informal discussions, is still going strong and is just a short walk from Downing College.

If you wish to receive further information about the meeting and to help us assess likely numbers, please provide your details [here](#).

KEY DATES

- **Abstract deadline:** 8 October 2018
- **Early registration deadline:** 10 December 2018
- **Meeting dates:** 20—22 March 2019

ORGANISING COMMITTEE: Hiva Fassihi, Alan Lehmann, Bob Sarkany

UK National Xeroderma Pigmentosum Service

INVITED SPEAKERS:

Mark Berneburg, Regensburg, Germany
Vilhelm Bohr, Baltimore, USA
John DiGiovanna, NIH, USA
Jean-Marc Egly, Strasbourg, France
Stefan Emmert, Rostock, Germany
Ken Kraemer, NIH, USA
Masaya Kubota, Okura, Japan
Vincent Laugel, Strasbourg, France
Joanna Loizou, Vienna, Austria
Shinichi Moriwaki, Osaka, Japan
Susie Morley, London, UK
Laura Niedernhofer, Florida, USA
Serena Nik-Zainal, Cambridge, UK
Chikako Nishigori, Kobe, Japan
Tomoo Ogi, Nagoya, Japan
Donata Orioli, Pavia, Italy
Hamid Rezvani, Bordeaux, France
Alain Sarasin, Villejuif, France
Robert Sarkany, London, UK
Kaoru Sugasawa, Kobe, Japan
Jesper Svejstrup, London, UK
Wim Vermeulen, Rotterdam, The Netherlands

This Symposium is being organised with the participation of ProGelife for which we are grateful, and we also thank La Roche Posay for their support
